down for many people worldwide, with users facing multiple problems, including being  
unable to access their accounts, having their chat history come up empty, and the chat  
screens not loading properly.\n\nWhen accessing ChatGPT, users may see a blank screen  
with &quot;How can I help you today?&quot; and, in some cases, a missing chat  
history.\n\n[Image 2: ChatGPT]ChatGPT opens with a blank page \nSource:  
BleepingComputer\n\nOthers have told BleepingComputer that they cannot access GPT-4 as  
the site states that they do not have a ChatGPT Plus subscription, even though they  
do.\n\nThis outage started within the last 10 minutes,  
and\u00a0\u301071\u2020DownDetector\u2020downdetector.com\u3011, a website that tracks  
popular services, says ChatGPT is currently experiencing an outage in the U.S., Europe,  
Asia, Japan, Australia, and other parts of the world.\n\nIn  
a\u00a0\u301072\u2020thread \u2020www.reddit.com\u3011on Reddit, several users  
reported that the UI fails to load correctly, and ChatGPT doesn&#x27;t work when they  
try to access the chatbot via web or mobile apps.\n\nIt&#x27;s also worth noting that  
the global outage affects everyone, including those who have subscribed to ChatGPT  
Plus.\n\nOn the\u00a0\u301073\u2020status page\u2020status.openai.com\u3011, OpenAI  
hasn&#x27;t acknowledged the reports yet.\n\nUpdate 3/25/24 07:12 PM ET:\u00a0After  
publishing this story, OpenAI added an issue to its status page stating that it was  
seeing a high error rate for a small number of requests.\n\n&quot;As of 3:14p pacific  
we&#x27;re experiencing a high error rate in ChatGPT for a small percentage of  
requests. This is impacting users on all ChatGPT plans,&quot; reads  
the\u00a0\u301073\u2020status message\u2020status.openai.com\u3011. \n\n&quot;As of  
3:55p pacific we are currently working on deploying a potential fix (ETA ~30mins  
more).&quot;\n\nAt this time, ChatGPT services appear to be restored, with chat  
histories now displayed and people able to access their account settings.\n\n###

down for many people worldwide, with users facing multiple problems, including being  
unable to access their accounts, having their chat history come up empty, and the chat  
screens not loading properly.\\n\\nWhen accessing ChatGPT, users may see a blank screen  
with &quot;How can I help you today?&quot; and, in some cases, a missing chat  
history.\\n\\n[Image 2: ChatGPT]ChatGPT opens with a blank page \\nSource:

guess, and OpenAI didn't respond to our questions. The service still isn't completely steady, however. "We're experiencing exceptionally high demand. Please hang tight as we work on scaling our systems," a popup on ChatGPT told us when we visited.

Also worth noting is that Claude an AI bot built by Anthropic, which was set up by some ex-OpenAI staff in 2021 and has since seen heavy investment from Amazon was unavailable for some folks. "Due to unexpected capacity constraints, Claude is unable to respond to your message," the bot said today when this reporter asked if it was feeling okay. We didn't hear back from Anthropic about this bother this morning, either.

We'll update this story if we learn more. Updated to add Claude may not be out for the count. "Due to heightened demand we have made adjustments to prioritize capacity but can confirm we have not seen an outage," an Anthropic spokesperson told The Register.

Meanwhile, OpenAI says the interruptions to service were caused by loading issues.

Final update

OpenAI not only suffered technical issues, it also seems to have been DoSed.

The outages started a few days ago and OpenAI has been working on resolving them. As of now, many of the issues have been addressed, and services are beginning to recover. However, some users may still experience intermittent problems due to high demand and capacity constraints.

For the most current updates on the status of ChatGPT services, you can visit OpenAI's status page (<https://status.openai.com>). If you continue to experience issues, it might be helpful to clear your browser's cache and cookies or try accessing the service from a different device or browser as temporary troubleshooting steps.

 down for many people worldwide, with users facing multiple problems, including being  
 unable to access their accounts, having their chat history come up empty, and the chat  
 screens not loading properly.\n \nWhen accessing ChatGPT, users may see a blank screen  
 with &quot;How can I help you today?&quot; and, in some cases, a missing chat  
 history.\n \n[Image 2: ChatGPT]ChatGPT opens with a blank page \nSource:  
 BleepingComputer\n \nOthers have told BleepingComputer that they cannot access GPT-4 as

Anthropic, which was set up by some ex-OpenAI staff in 2021 and has since seen heavy investment from Amazon was unavailable for some folks. "Due to unexpected capacity constraints, Claude is unable to respond to your message," the bot said today when this reporter asked if it was feeling okay. We didn't hear back from Anthropic about this bother this morning, either.

pubads.g.doubleclick.net We will update this story if we learn more.

Updated to add Claude may not be out for the count. "Due to heightened demand we have made adjustments to prioritize capacity but can confirm we have not seen an outage," an Anthropic spokesperson told The Register.

Meanwhile, OpenAI says the interruptions to service were caused by loading issues.

Final update OpenAI not only suffered technical issues, it also seems to have been DDoSed.

1: ChatGPT]\n\nUpdate added to the bottom of the article.\n\nOpenAI&#x27;s ChatGPT is

down for many people worldwide, with users facing multiple problems, including being

unable to access their accounts, having their chat history come up empty, and the chat

screens not loading properly.\n\nWhen accessing ChatGPT, users may see a blank screen

with &quot;How can I help you today?&quot; and, in some cases, a missing chat

history.\n\n[Image 2: ChatGPT]ChatGPT opens with a blank page \nSource:

BleepingComputer\n\nOthers have told BleepingComputer that they cannot access GPT-4 as

the site states that they do not have a ChatGPT Plus subscription, even though they

do.\n\nThis outage started within the last 10 minutes,

and\u00a0\u301071\u2020DownDetector\u2020downdetector.com\u3011, a website that tracks

popular services, says ChatGPT is currently experiencing an outage in the U.S., Europe,

Asia, Japan, Australia, and other parts of the world.\n\nIn

a\u00a0\u301072\u2020thread \u2020www.reddit.com\u3011on Reddit, several users

reported that the UI fails to load correctly, and ChatGPT doesn&#x27;t work when they

try to access the chatbot via web or mobile apps.\n\nIt&#x27;s also worth noting that

the global outage affects everyone, including those who have subscribed to ChatGPT

Plus.\n\nOn the\u00a0\u301073\u2020status page\u2020status.openai.com\u3011, OpenAI

hasn&#x27;t acknowledged the reports yet.\n\nUpdate 3/25/24 07:12 PM ET:\u00a0After

publishing this story, OpenAI added an issue to its status page stating that it was

seeing a high error rate for a small number of requests.\n\n&quot;As of 3:14p pacific

we&#x27;re experiencing a high error rate in ChatGPT for a small percentage of

requests. This is impacting users on all ChatGPT plans,&quot; reads

the\u00a0\u301073\u2020status message\u2020status.openai.com\u3011. \n\n&quot;As of

35:55 pacific we are currently working on deploying a potential fix (ETA ~30mins more)."\n\nAt this time, ChatGPT services appear to be restored, with chat histories now displayed and people able to access their account settings.\n\n### Related Articles:\n\n\u00a0\u00d7Microsoft Copilot fixed worldwide after 24 hour outage\u00a0\u00d7It's surprisingly difficult for AI to create just a plain white image\u00a0\u00d7Microsoft outage affects Bing, Copilot, DuckDuckGo and ChatGPT internet search\u00a0\u00d7British Airways Cancels All London Flights Following Catastrophic IT Failure\u00a0\u00d7Stack Overflow suspends user for editing posts in OpenAI protest\u00a0\u00d7

support\u3011 \n\nResolved - Between 8:04 AM PT and 10:18 am PT today, some customers might have had trouble contacting OpenAI support through the help center. This issue has been resolved. OpenAI services including the API and ChatGPT were unaffected.

\nMay 29, 10:28 PDT \n\nMonitoring - A fix has been implemented and we are monitoring.

\nMay 29, 09:34 PDT \n\nIdentified - We're still seeing some impact to our support systems. As a temporary solution, customers looking to reach out to OpenAI Support can email support@openai.com.

\nMay 29, 08:40 PDT \n\nInvestigating - Some customers cannot reach support services. We expect the situation to be remedied shortly.

\nMay 29, 08:24 PDT \n\nMay 28, 2024\n\nNo incidents reported.

\nMay 24, 2024\n\n\u301018\u2020ChatGPT Not Loading for Some Users\u3011 \n\nResolved - Between 11:18 AM PT and 1:10 PM PT today, we experienced an issue that impacted a subset of ChatGPT users who had not previously visited chatgpt.com. This resulted in them being unable to load ChatGPT. Our team identified and addressed the issue. All services are now operating normally. This incident is now resolved.

\nMay 24, 14:04 PDT \n\nMonitoring - We identified the cause of the issue, and rolled back. Previously impacted users should be able to refresh their pages to successfully use ChatGPT. We are continuing to monitor the results.

\nMay 24, 13:21 PDT \n\nInvestigating - We're currently investigating an issue with chatgpt.com incorrectly redirecting to chat.openai.com, which fails to load.

description\n\n\u301035\u2020Interview questions\u3011\n\n## How to write a recruiter  
job description \n\nBecause recruiters are deeply familiar with the job search process,  
it\u2019s important to write a clear and relatable job description to find the right  
candidate for the role. Describe your expectations concisely and directly. Include  
information that conveys your company\u2019s core values and mission, as well as the  
day-to-day requirements for the recruiter. Use brief, bulleted lists to describe the  
objectives, responsibilities, and qualifications for the role, and ensure that they  
align with your actual needs. \n\n[Image 2]\n\n## Recruiter job description template  
\n\nThis sample job post will introduce your organization\u2019s culture and values,  
while helping potential candidates understand how they\u2019ll contribute from Day 1.  
\n\n[Image 3]\n\n### Sample recruiter job description\n\nAt [Company X], our people  
are the most important resource. We\u2019re looking for a highly skilled recruiter to  
join our team and help us find the right people for the right roles. The ideal  
candidate will have experience in recruitment or human resources, along with deep  
knowledge of the screening, interviewing, and hiring processes. We\u2019re seeking  
someone who\u2019s passionate about discovering untapped talent, driving company  
growth, and helping people develop successful careers.\n\n### Objectives of this  
role\n\n \* Work closely with managers to gain a comprehensive understanding of the  
company\u2019s hiring needs for every role, and to meet competitive hiring goals and  
expectations\n\n \* Manage the full recruiting lifecycle across a variety of open roles,  
helping managers find, hire, and retain quality candidates\n\n \* Foster high-touch  
relationships using a database of qualified candidates to choose from when positions  
become open\n\n \* Partner with recruiting team and senior managers to design, refine,  
and implement innovative recruitment strategies\n\n \* Remain active with job boards,  
social networks, and platforms for finding quality candidates, and create and post job  
descriptions and announcements\n\n### Responsibilities\n\n \* Develop relationships  
with managers to build awareness of their departments, hiring needs, and job  
specifications\n\n \* Write and post job descriptions on relevant platforms, especially  
social media\n\n \* Utilize knowledge of multiple recruiting sources and execute  
innovative strategies to find quality candidates and prospect for new business\n\n \*  
Screen resumes and CVs and manage job candidates throughout hiring process, from  
interview preparation to final-offer negotiation\n\n \* Maintain database of candidate  
records, including active and passive prospects, hired and fired employees, and other  
designations\n\n \* Provide coaching and guidance to junior-level recruiting  
staff\n\n### Required skills and qualifications\n\n \* Five or more years of  
experience in recruitment or human resources\n\n \* Exceptional communication,  
interpersonal, and decision-making skills\n\n \* Advanced knowledge of productivity  
software, database management, and internet search methods\n\n \* Familiarity with job  
boards and computer systems designed specifically for HR\n\n \* Proven success in  
conducting interviews using various methods (phone, video, email, in-person)\n\n \*

candidate for the role. Describe your expectations concisely and directly. Include information that conveys your company's core values and mission, as well as the day-to-day requirements for the recruiter. Use brief, bulleted lists to describe the objectives, responsibilities, and qualifications for the role, and ensure that they align with your actual needs.

 This sample job post will introduce your organization's culture and values, while helping potential candidates understand how they'll contribute from Day 1.

 At [Company X], our people are the most important resource. We're looking for a highly skilled recruiter to join our team and help us find the right people for the right roles. The ideal candidate will have experience in recruitment or human resources, along with deep knowledge of the screening, interviewing, and hiring processes. We're seeking someone who's passionate about discovering untapped talent, driving company growth, and helping people develop successful careers.

**Objectives of this role**

- \* Work closely with managers to gain a comprehensive understanding of the company's hiring needs for every role, and to meet competitive hiring goals and expectations
- \* Manage the full recruiting lifecycle across a variety of open roles, helping managers find, hire, and retain quality candidates
- \* Foster high-touch relationships using a database of qualified candidates to choose from when positions become open
- \* Partner with recruiting team and senior managers to design, refine, and implement innovative recruitment strategies
- \* Remain active with job boards, social networks, and platforms for finding quality candidates, and create and post job descriptions and announcements

**Responsibilities**

- \* Develop relationships with managers to build awareness of their departments, hiring needs, and job specifications
- \* Write and post job descriptions on relevant platforms, especially social media
- \* Utilize knowledge of multiple recruiting sources and execute innovative strategies to find quality candidates and prospect for new business
- \* Screen resumes and CVs and manage job candidates throughout hiring process, from interview preparation to final-offer negotiation
- \* Maintain database of candidate records, including active and passive prospects, hired and fired employees, and other designations
- \* Provide coaching and guidance to junior-level recruiting staff

**Required skills and qualifications**

- \* Five or more years of experience in recruitment or human resources
- \* Exceptional communication, interpersonal, and decision-making skills
- \* Advanced knowledge of productivity software, database management, and internet search methods
- \* Familiarity with job boards and computer systems designed specifically for HR
- \* Proven success in conducting interviews using various methods (phone, video, email, in-person)
- \* Ability to travel when required

**Preferred skills and qualifications**

- \* Bachelor's degree (or equivalent) in human resources management or related field
- \* Proficiency with content management systems
- \* Experience in developing recruitment strategy
- \* Desire to grow professionally with networking and ongoing training opportunities

 Share your open role with qualified recruiters using the world's largest professional network.
